# Beamer R Markdown slide template

- Easily generate Beamer slides from R Markdown.

```
plot(sort(rnorm(100)))
```

- Notes slides can be included or excluded easily.

## NOTE

This is a test note. Toggle by altering 'setbeameroption' in header\_pagenrs.tex

The inclusion/exclusion of the notes pages is controlled by the LaTeX in the `header_pagenrs.tex` file:

- To include the notes pages, set `setbeameroption` to `show notes`
- To exclude the notes pages, set `setbeameroption` to `hide notes`
